

Stylecorp Fitting Guide

Size selection is a personal choice. The following chart is a guide to match body size to a garment.

When measuring the critical areas of the body, add a centimetre or so for comfort.

Women

- A. Bust:
Measure the bust line around the fullest part.
Remember make allowances for comfort.
- B. Waist:
The wearer's pant or skirt waist measure can vary. If it is a true waisted garment, measure at the smallest part of the torso. If it is a low-rise pant or a skirt with no waistband then measure 3 to 4 centimetres below the true waist.
- C. Hip:
For a comfortable fit, measure around the fullest part of the hip area.
